All stock offered and sent out is true to name, clean and free from disease. Inspected under Oregon State License No. 563, and all bulbs are carefully inspected at time orders are filled. Any bulbs not proving true to name, or faulty in any way, will be gladly replaced. No thrip.

Orders over \$2.00 sent prepaid anywhere in the United States. On orders less than \$2.00, add 25c for packing and postage.

Terms: Cash with order. All orders accepted subject to prior sale.

### DOUBLE VALUE ON EARLY ORDERS

To further introduce our own originations, we will send FREE with all orders over \$3.00, received before April 15, 1938, one or more of our choicest new bulbs, equal to the amount of your order. On a \$3.00 order a large bulb of Dominator will be sent free. With each \$5.00 order, a medium Majesty, or a large Livingston. On a \$7.00 order, one large Tipperary, or a medium Glorient and a large Cumberland. \$10.00 order, a large Majesty, or a large Bliss and medium Glorient. Each \$15.00 order will entitle you to one large Glorient or one large Majesty and one large Livingston. On larger orders you may select not to exceed four bulbs, each different. On orders up to \$15.00, you may, if you wish, select not more than three bulbs, all different, if you do not care to leave it to us to send you the best ones. Select only our own originations marked \*.

As our stocks are limited on most of these higher priced varieties, please get your order in early to get the better ones, as we cannot guarantee to send any certain free varieties on orders after April 15th, but will send the best we have left, from stock reserved for this offer.

We do not substitute varieties without your permission, but in order that you receive credit for the full amount of your order, we will, if out of some variety or size ordered, send next size to same value, or extra amounts of others you order. Liberal value given on such change. Please name substitutes if you do not favor the above adjustment. Early orders can generally be filled complete, without any changes or substitutes you may suggest.

### SHOW YOUR FRIENDS

Westmoreland Glads when they are in bloom and tell them you will have us send them our list of bulbs if they want to get some for next year. For each new customer sending us an order of \$2.00 or over, we will send you free, \$1.00 worth of bulbs. Write names and addresses plainly.

## BULBS OF QUALITY

Our customers say our bulbs are the finest, cleanest and best blooming bulbs they ever had. All our bulbs and bulblets have been fumigated and are free from thrip. If you are troubled with thrip, use ROTOTOX, or formula contained in our planting instructions sent with each order, and you will get rid of them. Get Rototox from Rototox Co., 81 Yale St., E. Williston, N. Y.

LARGE bulbs are  $1\frac{1}{4}$  in. and up to 3 in. diameter, and are generally considered best for exhibition purposes, producing the best flowers on the longest spikes.

MEDIUM size bulbs, over  $\frac{3}{4}$  in. to  $1\frac{1}{4}$  in. give a very satisfactory spike, with florets usually as large as from larger bulbs.

SMALL bulbs, over  $\frac{1}{4}$  in. to  $\frac{3}{4}$  in., are planted for increase rather than blooms, but if planted early, most varieties will bloom.

No. 7—The smallest bulbs,  $\frac{1}{4}$  in. and under, although sometimes smaller than bulblets, will give you larger bulbs at digging time. Plant  $1\frac{1}{2}$  to 2 in. deep.

**Three or more bulbs sold at the dozen rate; 25 at the 100 rate. Bulblets per 100 at  $\frac{1}{6}$  of the 1000 price.**
